

- **Manufacturer Quality Cable Assemblies**
- **Interconnect Solutions**
- **GPS Antennas and Repeaters**

Capability Description

- Cable Assemblies
- Cable Harnesses
- Three Axis Semi Rigid Assemblies (18GHz)
- Antenna Design & Manufacturing
- GPS Purpose Built Products
- Active Component Design and Manufacture
- Passive Component Design and Manufacture
- In-House Qualified RF Engineers

Core Capability

- Flexible, Capable and Adaptable
- Localised, Quick Turn Around
- Agile, Owner Managed

Competitive Discriminators

- 30 Years Experience
- Vector Network Analyser
- Thermoline Temperature Chamber
- CNC Semi-rigid Coax 3 Axis Bender
- On-site Machine Shop
- Cable Over-Moulding
- PCB Prototyping Equipment

Key Customers

- BAE
- Thales Australia
- DMO
- RAN
- Land Engineering
- RAAF
- CEA Technologies
- Telstra

Key Partners

- Times Microwave
- Radial
- Waveguide Solutions

Quality

- ISO9001:2008
- NATO Cage Z2D12

Contact Details:

General Manager - John Brady, CSC

Company Information

Annual Turnover

15 + Million

No of Employees

- 3 Engineers
- 25 Production
- IPC-620A Certified
- In-House Trainer
- Total 55

Currently Exporting

- America
- SE Asia
- Europe

Awards

- Innovation Award (Finalist)
- Best Security Product
